🌐 SaiNanduVajhala

Summary

Artificial Intelligence and Machine Learning student with experience in Python, Machine Learning, Deep Learning, FastAPI, SQL, and REST APIs. Developed AI-driven applications and predictive models through internship and academic projects, with a strong foundation in software development and problem solving.

Technologies

Languages: Python, Java, R, JavaScript

Developer Tools: Git, GitHub, VS Code, Jupyter Notebook, Kaggle, GitHub Actions, Hugging Face, Docker

Databases: MongoDB, MySQL, PostgreSQL

Frameworks & Libraries: React.js, CrewAI, Express.js, Pandas, FastAPI, NumPy, PyTorch, TensorFlow

Education

Sreyas Institute of Engineering and Technology 2024 – 2027 (Expected)
Pursuing BTech in Artificial Intelligence and Machine Learning

Samskruti College of Engineering and Technology 2021 – 2024
Diploma in Electrical and Electronics Engineering

SR Digi High School 2020 – 2021
Secondary Education

Projects

Real-Time Emotion-Aware Multimodal Voice Assistant with Full-Duplex

- Architected a full-duplex conversational AI system using FastAPI and WebSockets for low-latency, real-time bi-directional audio and video streaming.
- Integrated a vision pipeline (MediaPipe/DeepFace) to analyze user emotion and demographics.
- Tools Used: Python, FastAPI, WebSockets, OpenAI GPT-4o, Whisper/Deepgram, ElevenLabs TTS

GPT-2 Code Completion Model Fine-Tuning

- Fine-tuned GPT-2 on the CodeXGLUE code-completion dataset (13k+ code samples) to develop a transformer-based code prediction system.
- Achieved a validation loss of 1.19 and perplexity of 3.28 on held-out validation data.
- Tools Used: Python, PyTorch, Hugging Face Transformers, GPT-2, CodeXGLUE, Kaggle GPUs

Experience

Data Science Intern Jun 2026 – Present
XYlofy AI — Remote

- Working on machine learning and data science projects involving data preprocessing, feature engineering, model training, and evaluation using Python.
- Applying Pandas, NumPy, Scikit-learn, and Matplotlib for data analysis, visualization, and predictive modeling.

Certifications & Virtual Simulations

- **OCI AI Foundations Associate (2025)** – Oracle University
- **Data Analytics Virtual Simulation Program** – Deloitte (via Forage)
